

Brought to you by I⁴Commerce

I⁴Commerce provides merchants with payment solutions that make commerce more convenient, secure and profitable. The company has strategic relationships with the industry's largest payment processors, including Paymentech and First Data Corporation (NYSE:FDC). I⁴Commerce holds the rights to proprietary technology, information processing, and patent pending payment processes used in conjunction with its flagship product offering; Bill Me Later, a simple, secure, and familiar payment solution. I⁴Commerce's strong management team has a proven track record of success at Citibank and First USA/Bank One.
